RE: Request of Dominion Energy South Carolina, Inc. for Approval of Revisions to Rate 17 (**Municipal Street Lighting**), Rate 25 (**Overhead Floodlighting Service**), and Rate 26 (**Overhead Private Street Lighting**); (Revisions involve additions to or removals from the list of available fixtures and do not involve adjustments to rates or charges for existing fixtures)  
Docket No. 2019--E

Dear Ms. Boyd:

By this letter, Dominion Energy South Carolina, Inc. ("Dominion Energy South Carolina" or "Company") hereby requests that the Public Service Commission of South Carolina ("Commission") issue an order authorizing and approving certain revisions to Rate 17 (**Municipal Street Lighting**), Rate 25 (**Overhead Floodlighting Service**), and Rate 26 (**Overhead Private Street Lighting**). The proposed revisions are described in detail below.

**Rate 17 (**Municipal Street Lighting**) Revisions**

Rate 17 is available to the Company's municipal customers using the Company's electric service for area and street lighting. In response to demand from municipalities for more LED lighting options, the Company is proposing to add the following fixtures to the list of available fixtures under Rate 17: (i) 8,000 Lumens (LED) (60W) Open Type, (ii) 8,600 Lumens (LED) (70W) Closed Type, (iii) 12,700 Lumens (LED) (110W) Closed Type, (iv) 25,500 Lumens (LED) (205W) Closed Type, and (v) 32,900 Lumens (LED) (~~270W~~) Closed Type.

By adding these light fixtures to its tariff, Dominion Energy South Carolina will be expanding its lighting fixture offerings, thereby providing its customers with additional lighting fixture alternatives. See attached Exhibit A (revisions in red) and Exhibit B (clean version).

(Continued . . . )

### **Rate 25 (Overhead Floodlighting Service) Revisions**

Rate 25 is available to the Company's customers using the Company's electric service for overhead floodlighting. Because of improvements in LED technology, Dominion Energy South Carolina can offer new fixtures that provide at least the same light output for less cost. As such, the Company proposes to add the following two fixtures to the list of available fixtures under Rate 25: (i) 23,600 Lumens (LED) (200W) and (ii) 32,300 Lumens (LED) (260W). As a result of the addition of these two fixtures, Dominion Energy South Carolina also proposes that the following two fixtures no longer be available for new installations under Rate 25 effective July 2019: (i) 22,350 Lumens (LED) (240W) and (ii) 32,300 Lumens (LED) (360W). See attached Exhibit C (revisions in red) and Exhibit D (clean version).

### **Rate 26 (Overhead Private Street Lighting) Revisions**

Rate 26 is available to the Company's customers using the Company's electric service for overhead street lighting. Because of improvements in LED technology, Dominion Energy South Carolina can offer new fixtures that provide at least the same light output for less cost. As such, the Company proposes to add the following fixture to the list of available fixtures under Rate 26: 8,000 Lumens (LED) (60W) Open Type. As a result of the addition of this new fixture, Dominion Energy South Carolina also proposes that the following fixture no longer be available for new installations under Rate 26 effective July 2019: 4,800 Lumens (LED) (50W) Open Type. See attached Exhibit E (revisions in red) and Exhibit F (clean version).

### **Request**

Pursuant to S.C. Code Ann. § 58-27-870(F) (2015), the Commission may issue an order allowing rates and tariffs to be put into effect without notice and hearing when such rates "do not require a determination of the entire rate structure and overall rate of return, or . . . do not result in any rate increase to the electrical utility . . . ." The Rate 17, Rate 25 and Rate 26 revisions will not require a determination of the entire rate structure or result in an increase in rates for customers; therefore, Dominion Energy South Carolina respectfully requests that the Commission review the attached Rate 17, Rate 25 and Rate 26 tariffs and approve them without notice and hearing.

By copy of this letter, we are serving counsel for the South Carolina Office of Regulatory Staff with the Company's request.
